

APPENDIX 6

POTTERY FROM COLLINGWOOD BAY AND NORTHEAST COAST IN THE OFFICIAL COLLECTION FROM BRITISH NEW GUINEA

ELIZABETH BONSHÉK

The content of this appendix supplements Chapter 11 and draws together information recorded about the pottery from Collingwood Bay and other areas on the northeast coast of British New Guinea from the *Ethnology Register (New Guinea)* Queensland Museum c.1889-1910; the *Register of the "MacGregor" Collection of New Guinea Ethnology (MacGregor Register)* (Queensland Museum 1915-2001); the Master list (see Davies *et al.*, Appendix 2); and annotations to these lists made by Michael Quinell and subsequently by Elizabeth Bonshek. The author's commentary on the items is presented in columns 7, 10 and 11. Columns (8 and 9) include measurements taken by the author and those recorded in the Queensland Museum Vernon database where pots were not sighted as part of this research. Names in italics in column 7 are in Ubir language.
