How to connect to Eduroam in iOS

Introduction

EduRoam is an agreement between a list of educational institutions to share access to their wireless networks. Being part of the EduRoam federation allows Queensland Museum Network Staff and students from other institutions who are visiting the Museums to connect to the EduRoam Wi-Fi network.

This guide will help show you how to connect to EduRoam network on an iOS Platform.

1.   Select and click the Settings icon.

2.   Look for Wi-Fi in the list and select it.

3.   On the list of available wireless networks on your device, select eduroam.

4.   Use your institution credentials (your email address) to log in and select Join at the top right hand of the screen. This will then pop up a Certificates section, select Trust.

Queensland Government

5. You are now connected to the eduroam network.
